

Training workshops on Public Procurement of Innovation

By the Health InnoFacilitator project

Synergies with PPI initiatives

Health InnoFacilitator project

A [Horizon Europe-funded project](#), co-founder of the [Innovation Procurement Task Force](#) together with the BUILD project.

Its mission is to transform the public procurement culture of multiple EU public buyers into one that **systematically encourages** added value for citizens and **market innovation** and advances towards Public Procurement of Innovation (PPI) is one of our strategic goals.

Objectives

- **Foster and nurture a sustainable community** of innovation procurement stakeholders in healthcare and build capabilities within the community
- **Increase the awareness, skills and knowledge** about innovation procurement among the community by providing training packages, mentoring and coaching as well as online community support.
- **Support the growth and development** of innovative SMEs and start-ups in healthcare by making it easier for them to address public demand through participation in public procurement of innovation
